Wilkes Pregnancy Care Center teaches **Choosing the Best**: an abstinence-focused education program to 7th and 9th graders in Wilkes County Schools. Our hope is to provide them with knowledge and information to help them make healthy choices in their dating relationships and avoid a sexual health crisis such as teen pregnancy and STIs (sexually transmitted infections). This is a *proactive* tool to empower students!

During our time in the schools, we saw a need for hygiene products. Sometimes it is hard for students to see their worth and believe they deserve good things when they do not have the items needed for good hygiene.

Some students must use school facilities. They might be unable to afford basic supplies such as soap or deodorant. By providing hygiene bags for each health class, we can help meet these needs while increasing our presence in the schools. These bags would be visible and readily available without the embarrassment of having to ask.

You can partner with us to: *Engage, Equip, and Empower* our students to **Choose the Best!**

You can help by purchasing items from the lists below, providing a monetary donation, and by praying for the students as our educators speak truth to them. Thank you for helping us help them!

Questions? Contact Amy Rollins, Programs Coordinator or Kristie Owens, Nurse Manager at 336.838.9272.
